

Meghavath Mahender Rathod

Certified Ethical Hacker | Penetration Tester | Cybersecurity Professional

Mobile: 9390746534 | Email : mahenderrathod2326@gmail.com | [LinkedIn : https://www.linkedin.com/in/mahender-rathod-822021239](https://www.linkedin.com/in/mahender-rathod-822021239)

SUMMARY

Certified Ethical Hacker (CEH) with hands-on experience in Vulnerability Assessment and Penetration Testing (VAPT). Proficient in Burp Suite, Nmap, OWASP ZAP, Metasploit, Splunk and IBM QRadar with expertise in identifying, analyzing, and reporting security vulnerabilities in web applications, networks, and cloud environments. Recent Cybersecurity graduate from CMR College of Engineering and Technology with strong analytical skills and practical knowledge of industry best practices..

EDUCATION

Bachelor of Technology, Cybersecurity

CMR College of Engineering and Technology | 11/2020 - 04/2024

CERTIFICATIONS

- Certified Ethical Hacker [CEH-MASTER - ECC7246108953] - EC-Council
- Junior Cybersecurity Analyst Career Path - Cisco

EXPERIENCE

Cybersecurity Professional Intern (Penetration Testing & SOC)

Cartel Software Pvt. Ltd | May 2024 - Nov 2024

- Conducted 50+ vulnerability assessments, improving application and network security posture by 30%.
- Performed web and network penetration tests, identifying OWASP Top 10 issues and assisting in mitigation.
- Participated in SOC monitoring, alert triage, and initial incident response using Splunk and QRadar.

PROJECTS AND PUBLICATIONS

Adaptive Vulnerability Matching Assessment: A Holistic Approach for Cybersecurity Resilience | IJRASET Journal

This project aimed to enhance security by conducting comprehensive vulnerability assessments on operating systems and web apps.

A Review of a Customized OWASP Risk Calculator for Security Risk Analysis | IJERT Journal

The OWASP Risk-calculator is a valuable tool for assessing and quantifying risks associated with software applications.

SKILLS

Vulnerability Assessment & Penetration Testing (VAPT): Network Testing, Web Application Testing, Active Directory Testing, Security Audits, Malware analysis, Endpoint security, Log analysis, Threat Detection, Incident Response & Risk Assessment, Cloud Security (AWS, Azure, GCP), SOC Operations, Threat intelligence,

Networking & Protocols: TCP/IP, DNS, HTTP/HTTPS, SSL/TLS, FTP, SSH, SMB, SMTP.

Network security: Firewalls, VPNs, EDR, Proxies, IDS/IPS, WAFS.

Security and SEIM Tools: Kali Linux, Burp Suite, Metasploit, Nmap, Wireshark, Nessus, OWASP ZAP, splunk, IBM QRadar.

Frameworks: OWASP Top 10, Mitre att&ck , CVSS, NIST, CVE, OSINT, ISO 27001, HIPPA, GDPR.

Scripting & Automation: Python, Bash.

Operating Systems: Linux (Ubuntu, Kali), Windows Server/Client.

Professional Skills: Analytical Thinking, Problem-Solving, Attention to Detail, Adaptability, Teamwork, and Continuous Learning, Report writing.

ACHIEVEMENTS

Research Recognition:

Published two influential papers on OWASP Risk Calculators and Adaptive Vulnerability Matching, advancing cybersecurity research.

Hands-on Projects :

Effectively conducted vulnerability assessments on operating systems and web applications, identifying critical risks and recommending actionable mitigation strategies.

Global Ranking:

Ranked in the **Top 7% on TryHackMe**, demonstrating strong hands-on skills and practical knowledge in penetration testing, vulnerability assessment, and cybersecurity challenges.
